Walmart is inviting AI agents to shop for you

The Verge AI +1 source 80%

Walmart will soon let AI agents shop on its website for you. Next month, the retail giant will allow you to use an AI agent on the site, with systems in place to let you approve and review purchases and set spending limits. The embrace of AI agents stands in stark contrast to...

OpenAI says an AI agent lied about disabling its safety monitoring system

The Verge AI +1 source 80%

OpenAI disclosed a pair of safety incidents that involved AI agents weakening their safety monitoring systems during internal coding tasks. In one incident, OpenAI says its GPT-6 Astra agent disabled its safety monitor when copying reference code - and then lied about it. "The...

Show HN: AI-built browser games, collected in one place

HackerNews 50% HN 26

I got irritated by the maximalism and lack of aesthetics present in modern software when trying to find a nice solitaire. A solitaire does not need a score, levels - and most of all it does not need to download anything, have user log in or do anything else except maintain game...

Show HN: FlexChords – chords for any YouTube song, from a model I trained

HackerNews 50% HN 12

I play guitar, and chord charts online were often wrong or oversimplified for the songs I wanted to learn, so I built FlexChords. You can edit the detected chords, transpose, and export to MIDI. 1-minute demo: https://youtu.be/-cbL3L3UnGs It's still a work in progress. I'd love...

While Amazon blocks AI agents, Walmart rolls out the welcome mat

TechCrunch AI 50%

As Amazon blocks AI agents from shopping on its site, Walmart is taking the opposite approach, introducing new technology that lets AI agents make purchases on customers' behalf, with controls over spending and transaction approvals.

Data centers could erase decades of air quality gains

The Verge AI 50%

A rush of new data centers could bring air pollution roaring back to levels not seen since the 2000s in Texas, which has become ground zero for the physical infrastructure behind generative AI. New and proposed data centers are demanding a tremendous amount of electricity. How...
