Anthropic is cutting off its internal evaluations from the internet

The Verge AI +1 source 80%

After a recent spate of high-profile incidents in which AI agents escaped containment, Anthropic is cutting off internet access for all internal evaluations. In a report Friday, the company detailed "unintended model actions," including submitting a false tip regarding an...

Show HN: OpenWants – A Simulated City Where AI Agents Handle Residents Needs

HackerNews 50% HN 6

Iv'e been working on this for a while. Most of the effort went into what i call "sophisticated simplicity", keep the idea in the smallest version that still works. This one is a bit personal. it can feel like some sci-fi thing, but i've been obsessed with it for a very long...

AI agent makers are promising privacy — will they deliver?

The Verge AI 50%

At this year's OpenAI DevDay, CEO Sam Altman unveiled the company's new AI agent Dots - and told the crowd that the company wants to "set a new standard for privacy in frontier AI." OpenAI would spend the day taking veiled shots at Meta's Muse, its primary competitor, for...
