Sam Altman isn't the only one who wants to pump the brakes on AI

TechCrunch AI 50%

After years of pushing full speed ahead on AI, OpenAI CEO Sam Altman says maybe it's time for the AI industry to "pace" itself. The comments came just days after one of OpenAI's own models broke out of its test environment and got tangled up in a breach at Hugging Face — though...

Google Earth's AI deepfake tool only lasted one day

The Verge AI 50%

Google has shut down Google Earth feature it launched Thursday that allowed users to edit satellite images with text prompts using AI. The tool essentially let users create AI deepfakes of the real world using text prompts; Digital Digging's Henk van Ess, for example,...
