Anthropic's AI gave Philadelphia police a fake tip about an unsolved homicide

The Verge AI +1 source

80%

An Anthropic AI model provided false information about an unsolved homicide to a Philadelphia Police Department (PPD) tipline, according to a report from 6abc. In a statement released on Friday, the PPD said the AI model sent the tip through PhillyUnsolvedMurders.com on July...

Show HN: Let your AI agents paint big arrows, boxes and text on your screen

HackerNews 60% HN 398

Hi HN! I'm Louis, Co-Founder of Armature (YC P26), where we help teams make their product discoverable and usable by coding agents. We already measured 50k+ agent sessions and realized that over and over agents would encounter the exact same limitations on different tasks using...

Show HN: Liquid Inference - auto-routing to competitive LLM marketplace

HackerNews 50% HN 4

Our background is trading systems and exchanges. Liquid Inference applies that to LLM inference. On Liquid Inference, model providers compete with each other on an open marketplace to offer the best price for any given model. We paired that with an intelligent auto-router so you...
