Scrape HackerNews (Show/Top/New), Reddit (r/artificial, r/MachineLearning, r/singularity, r/LocalLLaMA), TechCrunch AI, VentureBeat AI, MIT Tech Review, The Verge AI, Wired AI, ArXiv CS.AI

Filter 40+ AI keyword patterns — LLMs, alignment, safety, research, tooling

Dedup Title-similarity (45% threshold) merges cross-source variants

Score Authenticity = 0.5 base + 0.3 per extra source + diversity + HN score bonuses

Rank Sorted by authenticity. Below 0.25 threshold are dropped.

Authenticity Tiers

- VERIFIED 0.80 - 1.00** 3+ independent sources including media
- CONFIRMED 0.50 - 0.79** 2 sources or 1 high-quality media
- EMERGING 0.25 - 0.49** Single-source; passes AI keyword filter

Source Breakdown

Source	Articles	Category
The Verge AI	6	Media
TechCrunch AI	5	Media
HackerNews	4	Community
MIT Tech Review	1	Media

Show HN: JDS - a Copilot skill suite for structuring AI coding behavior

HackerNews 50% HN 8

A few months ago I stumbled on obra's superpowers repository <https://github.com/obra/superpowers>. I really liked the approach and idea that you enforce discipline for your agent through a skill-based workflow. Even though coding agents (copilot included) have become a lot...

The OpenAI trial wraps up, and the Musk founder machine keeps spinning

TechCrunch AI 50%

The Musk v. Altman trial came to a close this week, and the final arguments kept circling back to one question: can we trust the people in charge of AI? All of this is playing out as SpaceX charges toward what could be one of the largest IPOs in American history, with a whole...

Runway started by helping filmmakers — now it wants to beat Google at AI

TechCrunch AI 50%

AI video-generation startup Runway is betting that video generation is the path to world models. And that being an AI outsider is an advantage, not a liability.

How Chinese short dramas became AI content machines

MIT Tech Review 50%

In a dimly lit bedroom, a frightened young woman is thrown onto a bed by a tall, muscular man. He grabs her hand, and flame-like vines crawl across her body, fusing with her flesh. She levitates, then drops. A dragon-shaped tattoo appears across her chest. "Two months," the man...

YouTube is expanding its AI deepfake detection tool to all adult users

The Verge AI 50%

YouTube is expanding its AI likeness detection program to all users over the age of 18 - meaning just about anyone can have the platform hunt for potential deepfakes of themselves. The likeness detection feature uses a selfie-style scan of a person's face to monitor YouTube for...

ArXiv will ban researchers who upload papers full of AI slop

The Verge AI 50%

ArXiv, a popular platform for preprint academic research, is taking a new step to attempt to reduce the volume of papers that include AI slop. If a paper has "incontrovertible evidence that the authors did not check the results of LLM generation," such as hallucinated references...

AI research papers are getting better, and it's a big problem for scientists

The Verge AI 50%

Last summer, Peter Degen's postdoctoral supervisor came to him with an unusual problem: One of his papers was being cited too much. Citations are the currency of academia, but there was something unusual about these. Published in 2017, the paper had assessed the accuracy of a...

Known By Their Actions: Fingerprinting LLM Browser Agents via UI Traces

ArXiv CS.AI 50%

arXiv:2605.14786v1 Announce Type: cross Abstract: As LLM-based agents increasingly browse the web on users' behalf, a natural question arises: can websites passively identify which underlying model powers an agent? Doing so would represent a significant security risk, enabling...
