Sam Altman says OpenAI going public in 2026 would be 'ill-advised'

The Verge AI +1 source

80%

OpenAI CEO Sam Altman confirmed that there would be no OpenAI IPO in 2026 during an interview with Fortune. Over the course of 45 minutes, Altman discussed a variety of subjects including the Hugging Face hacking incident, recursive self-improvement, and the possibility of...

Anthropic CEO says it's time to pump the brakes on AI

The Verge AI +1 source

80%

Anthropic CEO Dario Amodei says the time has come to slow down AI development and will give third-party evaluators like METR access to its models to help ensure its "adherence to safety practices and commitments." In a winding essay, Amodei proposed a three-step plan to "pace...

OpenAI's rogue AI tried to hack another company in May

The Verge AI +1 source

80%

In May, hundreds of malicious and spam packages were uploaded to RubyGems, causing a serious disruption for the host. Now independent researchers have said that a swarm of OpenAI agents were responsible for the attack. Not only that, but the AI tried to steal users' API keys. At...

Show HN: Clawfight.ai MCP-driven agentic game play

HackerNews 50% HN 13

How should agents interact with other agents? What happens when they rap or fight against each other with the pressure of human spectators? Clawfight.ai is an experiment to explore this space. This is my first post about it. The journey began on a beefed up machine I purchased...

Show HN: Claude Read Aloud – Hear Claude's Replies Instead of Reading

HackerNews 50% HN 4

When I'm working all day sometimes my eyes get tired and I don't read Claude's replies fully and understand them. So I made Claude Read Aloud to read Claude's replies for me. It's very helpful for when I'm running on low energy and I think it can also be helpful for people who...

OpenAI puts Pro subscriptions on hold due to Astra demand

TechCrunch AI 50%

The company said Pro subscriptions put the most strain on its systems, so it's pausing sign-ups while adding more capacity.

OpenAI just wants to win

The Verge AI 50%

OpenAI has spent the last few years planting flags across the increasingly difficult terrain in mathematics. This week, it claimed one of its biggest prizes yet: a solution to a legendary Millennium Prize problem. In normal circumstances, this would have been celebrated as a...
