Jeff Bezos' AI startup aims to build an 'artificial general engineer'

The Verge AI +1 source

80%

Amazon founder Jeff Bezos says his new AI startup will work toward developing an "artificial general engineer," according to reports from The New York Times and CNBC. The startup, called Prometheus, aims to develop AI-powered engineering tools to aid in the design of physical...

Show HN: macOS menu bar gauges for your Claude Code quota

HackerNews 50% HN 66

Hey HN, I built this a side project because I'm a soccer fan that has been vibing and tokenmaxxing with Claude Code maybe too much. So, the World Cup is here and it was the perfect excuse to build and ship something from 0 to 1. Enter Claudinho, a CLI and MCP that puts World Cup...

Show HN: Nucleus - A security-hardened, Nix-native container runtime

HackerNews 50% HN 39

I started off with a simple goal: port the game Soldat to Typescript. I ended up not only with the game, but with a full system to train AI bots to play my own game, building a neural net to train new bot AIs from tens of thousands of simulated matches with different strategies....

Show HN: 800x faster Linter and TypeScript-Go toolchain for plugins like typia

HackerNews 50% HN 3

As a developer of typia, have to alive in the new typescript-go era, I made a new toolchain for tsgo. Making the ttsc, I understood that the new plugin toolchain system can dramatically reduce lint rule checking time by integrating into the typescript-go. So made `@ttsc/lint`,...

Show HN: LLMRender, a 10kb Markdown+LaTeX renderer for React

HackerNews 50% HN 2

I've been using the popular React Markdown renderers with Katex and Prism.js for rendering my Markdown and LaTeX, but was tired of having to bundle 300kb+ of min+gzip JS only for this (1.2MB+ of plain JS!). So I created a small Markdown renderer that does it all in a tiny...

Anthropic's safety warnings may have just backfired — the government has pulled the plug on its most powerful AI

TechCrunch AI 50%

Anthropic isn't hiding its frustration. "We disagree that the finding of a narrow potential jailbreak should be cause for recalling a commercial model deployed to hundreds of millions of people," the company wrote in a blog post.
